

# CYPRIAN CHARLIE MIGUEL NAVAREZ

## IC LAYOUT ENGINEER

### CONTACT

- +63 966 3689 086
- ccm.navarez@gmail.com
- Purok 2, Brgy. Cogon  
Ozamiz City  
Misamis Occidental  
Philippines

### SKILLS

- Project Management
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking
- Problem Solving
- Strong Circuit Analysis

### LICENSES

- Electronic Engineer
- Electronic Technician

### REFERENCE

Reference available upon request

### PROFILE

I am a goal-oriented individual with good work ethic, always delivering high-quality results efficiently. A team player, prioritizing collaboration and open communication, believing that the best outcomes are achieved through collective effort. I am dedicated to meeting deadlines, optimizing processes, and continuously seeking ways to improve productivity, ensuring that both individual and team goals are successfully accomplished.

### WORK EXPERIENCE

#### Xinyx Semiconductor Design Services Inc.

IC Layout Engineer

2020 - PRESENT

- Experienced IC layout engineer for almost 5 years in Xinyx Design Consultancy and Services Inc. having undergone Project Management and Project Leadership training.
- Able to implement layout from scratch, standard cells up to block level design including basic physical verification in Application-Specific Integrated Circuits (ASIC).
- Able to clean Design Rule Check (DRC) and Layout versus Schematic (LVS) errors considering Electromigration and IR drop (EMIR) prevention in Memory circuits.
- Worked with high-performing layout engineers with results-driven work environment
- Supports and mentors new-hired engineers to be efficient in fixing DRC and LVS errors
- Able to deliver high quality output layout circuit designs on schedule, ensuring excellent service to the clients

### EDUCATION

#### Bachelor of Science in Electronics and Communication Engineering

2015 - 2020

Mindanao State University - Iligan Institute of Technology
